

THE SPORTS GOODS EXPORT PROMOTION COUNCIL

The Sports Goods Export Promotion Council (SGEPC), a Government of India sponsored organization is working for the promotion of India's exports of sports goods and toys.

SGEPC represents all the leading manufacturers and exporters of sports goods and toys in India. The one point objective of SGEPC is to promote exports of sports goods and toys from India. Its range of activities spur the industry's performance on one hand, and help to promote India's presence internationally on the other.

Trade Promotion Activities

SGEPC organizes trade promotion activities like Indian participation in international trade fairs, visits of business delegations, promotional campaigns in international markets, etc.

Dissemination of Information

SGEPC provides important information to its members on market intelligence, standards & specifications, quality & design and on other issues which directly or indirectly affect the industry.

Link between the Industry and the Indian Government

SGEPC is the direct link between the industry and the Government whereby it provides feedback on industry's requirements to the Indian Government and also informs Government directives to the industry.

Export Statistics and Projections

SGEPC collects exports data from its members, maintains a statistical record of exports of sports goods and toys and evaluates its performance on an annual basis.

Export Awards

SGEPC recognizes the achievements of exporters and awards the top performers annually.

SPORTS GOODS FROM INDIA

India is fast emerging as an important supplier of quality sports goods to the global markets. Indian sports goods are being exported to more than 100 countries and are in demand for their performance, reliability and unmistakable value proposition.

Indian sports equipment are being used at the highest level of sporting events and training academies, including the Olympics and world championships. Some of the disciplines using Indian sports goods and accessories at the professional level include Cricket, Hockey, Track & Field, Boxing, Goal games, etc. Indian promotional products are also very popular.

The industry is rapidly embracing new technology and adapting its products to keep up with the fast changing global trends. With robust and augmenting domestic market adding to the expanding overseas market, Indian leisure industry foresees increasing presence both in Indian and international markets. The growth momentum of Indian industry is supported by its huge reservoir of skilled workforce, well established supporting and ancillary industries and availability of basic raw materials required for producing a wide variety of products.

Why buy from India

Indian sports goods industry is over 100 years old and exports quality sports goods to more than 100 countries, supplying to leading brands.

Exporters are backed by dedicated manufacturing units that use mechanised tools & machinery and are run by a skilled workforce.

Having an uninterrupted supply of raw materials, the industry is also supported by well established ancillaries of plastics, metal works, textiles, leather, etc.

Ease of doing business in terms of better understanding, flexibility, support in innovation and interest to build long term relationships.

India is the largest democracy and has a stable economy. Its huge domestic market maintains steady economic growth at all times.

The top five markets for Indian sports goods are the UK, USA, Australia, Germany and South Africa.

The Indian Toy Industry

The Indian toy industry is as old as our heritage. Nurtured and enriched under the intellectually rich cultural fibre of India, the range of toys manufactured in India reflect our cultural diversity.

Play, with emphasis on safety and learning, are the core foundations for the toy industry in India. India manufactures toys and games made from a variety of man-made as well as natural materials, including rubber, metal, textile, wood, etc. This industry is predominantly confined to the small scale sector and is spread all over the country, catering to the local needs of different parts of India. In the organized sector, the chief centers for toy manufacturing are the National Capital Region and Mumbai.

In India, manufacturing of toys in general, is labour intensive and utilizes skills of master craftsmanship as well as creative designing. The Indian toy industry, fueled by the vast domestic market, has now turned its attention to global markets and is fast gearing up to meet international demands.

Strong points of the Indian toy industry are skilled workforce, diverse range and focus on innovation & education. Indian manufacturers are catering to both large and small volume requirements and are exporting to the most developed markets in the world. The main markets for Indian toys are USA, UK and Germany.

Profile

Yonker as a brand, operated by Sports Line, was primarily established for manufacturing of all goods related to skates and skating protectives. Currently Yonker lists over a hundred SKU's well loved by kids and adults all across the country. The company holds 27 years of global experience in the field.

Amongst company's products the skating headgear was widely appreciated and using it as foundation the firm slowly started manufacturing head protection of different sports. The Yonker Cricket line was first introduced as a result and now produces various models for beginners to professional. A couple of models are BSI tested and certified for new BS 7928:2013 standards.

Moving on from Cricket, Sports Line developed Equestrian head protector which is again tested with BSI standards, PAS 015:2011, which is one the toughest standards in the world for product certification. The Equestrian helmet is tested with multiple agencies and standards such as ASTM and Snell. Adding to the SKU's Sports Line also developed a few models of Skating/Cycling Helmets which are again tested and BSI certified to provide genuine protection.

Sports Line takes pride in upholding their consistency in quality and continuous innovation. In near future, the aim is to achieve continuous ISO 9001 standards as well as Kitemark. The complete manufacturing is done in-house where all raw materials are sourced locally with a few specialized materials from overseas. The firm comprises of a large production team that is continuously working towards implementation of standardized management, advanced equipment and skilled workers. Technical personnel are appointed for strict inspection and quality control of products after every stage of manufacturing.

Purpose: To be a leader in the sports goods sector under the Make in India Programme

Vision: To provide Global Quality products which exceed customers' expectations

Mission Statement: To build long term relations with our customers through quality of our production and promise of constant delivery of the same.

Core Values: We believe in giving respect to our customers to earn respect from them. We learn through creativity, invention and innovation. We practice honesty, integrity and moral business ethics.

Goals: To build safer sports equipment with evolving needs of human adventure in various sports. To continue to provide comfort in roughest situations, through our products. To always Make in India.

Scope of Work with Us

Sports Line welcomes OEM designs for manufacturing from scratch and/or modification of existing designs based on customer needs. We are also willing to set up manufacturing units, if needed, depending on client's product quality and quantity.
